## **DETAILED ACTION**

This action is responsive to the amendment filed 6-15-2005, which has been entered.

Claims 1-6 are currently pending.

### ***Claim Objections***

1. Claims 2 and 6 are objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form. Claim 1, clearly recites that one of the sheaves is a fixed sheave and the other is a moveable sheave and it is not clear as to how claims 2 and 6 further limits independent claim 1 by reciting one of the fixed and movable sheaves constitutes a fix sheave and the other of the fixed and movable sheave constitutes a movable sheave.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.
3. Claims 2 and 4-6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claims 2 and 6, the intended scope of the claims are unclear and confusing because it is not clear as to how many fix and movable sheave are being claimed. Claim 1 clearly states that one sheave is a movable sheave and the other is a fix sheave. Therefore, the recitation in claims 2 and 6 is confusing because the movable sheave can only be constituted by a movable sheave and the fix

sheave can only be constituted by a fix sheave. In addition, the 2 and 4-6, the phrases "said one of the fix and movable sheave" and "said other of the fix and movable sheave" is unclear because the claim 1 does not recite "one of the fix and movable sheave" and "other of fix and movable sheave". In addition the phrases lacks antecedent basis.

***Allowable Subject Matter***

4. Claim 1 and 3 allowed.
5. Claims 2 and 4-6 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

***Response to Arguments***

6. Applicant's arguments filed 6-08-2005 have been fully considered but they are not persuasive. Applicant's arguments regarding to the 112-second paragraph rejection is unclear because being a movable of fix sheave has nothing to do with the inclined shape of the inner surfaces. If applicant intend to claim the structure of the inner surface of each movable and fixed sheaves then the claims should recite the movable or fix sheave having one of the particular surface structure.
7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
